

Patterson Realty Group is a collective network of agents within Front Real Estate where the individual team members have the freedom to discover the type of agent they desire to be. The PRG team continues to grow because we are very different than what you find at other traditional brokerages in the DFW area.

ARE YOU...

- ⇒ Striving to achieve financial stability?
- ⇒ Tired of doing MOST of the work and not receiving the BULK of the commission?
- ⇒ Needing more focused support and training through your transactions to further your business growth?
- ⇒ Committed to accomplishing your goal of business ownership in real estate?

"Pay For the Support You NEED – not the unnecessary extras!"
